Case NO. CV-07-5574 MMC (PE)

IN RE: Michael P. Williams v. Scott Kernan, Acting Director of the
California Department of Corrections And Rehabilitations;
Robert Hovel, Warden, et. AL.,

Your Honorable Judge:

Your Honor, this letter is to possibly find out the where
abouts of Plaintiff's case (NO. CV-07-5574 MMC (PE)), for Plaintiff's
right knee is progressively becoming worse by each day.

This case was filed into the courts on November 1st, 2007;
Since then Plaintiff has filed a motion to appoint counsel with his

original Petition. Also on November 25th, 2007, Plaintiff filed an extension of time. On December 5th, 2007, Plaintiff filed an Amendment to his list of defendant(s); And on January 8th, 2008, Plaintiff filed a Motion asking the honorable Courts to, order Pelican Bay State Prison (P.B.S.P.) medical department, to give Plaintiff an "M.B.I." upon his right knee; in hopes of validating his complaints; Along with starting the process of correcting the issue at hand, And giving Plaintiff's right knee (neopen brace with velcro straps) brace back to his person, where Pelican Bay State Prison medical staff confiscated from his person because they [thought] it was not warranted.

Your Honor, Plaintiff's right knee is to the point were it seems, that on top of the current injuries, it's possible that "Osteoarthritis" may be setting in, And on top of the current problems, is not a good combination.

Furthermore, your Honor, if Plaintiff has not yet completed any requirements so far, Please let him know in hopes of completing those said tasks. But, to Plaintiff's knowledge, He is only awaiting the Honorable Courts to, Start the issuances of the summons upon the said defendant(s).

Thank you, your honor. I await the Court's next decision.

Respectfully Submitted
1st Michael Paul Williams
